WORKING WOMEN: ISSUES AND CHALLENGES

Serials Publications, 2010. Hardcover. Book Condition: New. The study of anatomical, physiological aspects of human beings in working environment is important to ensure that work fits the job to the man rather than the man to the job. In a semi-industrialized country like India, the working class is one of the weakest sections of society. Society being male-dominated, women workers receive still poor recognition/ value. It is not that there are no statutory provisions to ensure fair working conditions for...
