BROADWAY BOOKS, United States, 2016. Paperback. Book Condition: New. 201 x 130 mm. Language: English . Brand New Book. "A law professor sounds an explosive alarm on the hidden unfairness of our legal system." Kirkus Reviews, starred A child is gunned down by a police officer; an investigator ignores critical clues in a case; an innocent man confesses to a crime he did not commit; a jury acquits a killer. The evidence is all around us: Our system of justice is fundamentally broken. But its not for the reasons we tend to think, as law professor Adam Benforado argues in this eye-opening, galvanizing book. Even if the system operated exactly as it was designed to, we would still end up with wrongful convictions, trampled rights, and unequal treatment. This is because the roots of injustice lie not inside the dark hearts of racist police officers or dishonest prosecutors, but within the minds of each and every one of us. This is difficult to accept. Our nation is founded on the idea that the law is impartial, that legal cases are won or lost on the basis of evidence, careful reasoning and nuanced argument. But they may, in fact, turn on the camera angle of a defendants taped confession, the number of photos in a mug shot book, or a simple word choice during a cross-examination. InUnfair, Benforado shines a light on this troubling new field of research, showing, for example, that people with certain facial features receive longer sentences and that judges are far more likely to grant parole first thing in the morning. Over the last two decades, psychologists and neuroscientists have uncovered many cognitive forces that operate beyond our conscious awareness. Until we address these hidden biases head-on, Benforado argues, the social inequality we see now...
