Brand New Book ***** Print on Demand *****.Excerpt from Composition and Grammar The purpose of this text-book for grammar grades is to put into concrete form the best lessons of the author s experience in teaching. It is built upon five fundamental convictions that have grown out of twenty years of schoolroom practice. (1) That composition can be taught only thru the sympathetic companionship and guidance of the teacher, who may be greatly assisted by a text-book which, without lessening his freedom, reduces his labor and offers scientific suggestions. (2) That the average pupil of the fifth or sixth grade responds quickly to a program of study and work that presupposes his intelligent interest in worth-while things and at the same time widens his range of interests and adds to his intelligence. (3) That the necessary minimum of grammar may be introduced into the composition course in the elementary grades provided that the grammar principles presented are manifestly useful and needful in the pupil s present range of speaking and writing. (4) That oral composition is at least of equal importance with written composition, and that the organized club provides the surest means of securing ready interest and permanent results in oral expression.
