Genuflecting Before the Pork-Barrel Demagogues picks up where Salt In the Milk - Ten Years in Istanbul left off, with the aristocratic, redoubtable Anthony H. Wolfstadt deported to the south of England from Turkey, after outstaying his welcome by over a decade. Leaving his alcoholic, ex-colonial ways behind him, Wolfstadt attempts to clear his head through writing, and readjust to a culture he was never really a part of in the first place. Where he has a political hangover from the increasingly Islamified politics of Turkey, he discovers that things are not much better in the surveillance society that he has been thrust back into. Whilst his passion for strange and not-so-strange music and writing about it continues unabated, he despairs at the moribund state of the music scene , and a decaying industry which he regularly juxtaposes with social networking - an activity as alien to him as drying out. Wolfstadt also observes friends and otherwise pairing up around him, and notes on this in his own distinctive idiom. Through his philosophising on areas of science, the media, the strange new experience of his new Conservative/Christian home town and other random ephemera, Genuflecting Before the Pork-Barrel Demagogues finally sees Anthony acquiesce nihilistically once again to the spirit-crushing monotony of twentieth century north European life - with all the latest advice on luxury buys between chapters.
