

Journal of Scientific Exploration 24: 2 Summer 2010

By For Society For Scientific Exploration

Journal of Scientific Exploration. Paperback. Book Condition: New. Paperback. 214 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. The Journal of Scientific Exploration is devoted to the open-minded examination of scientific anomalies and other topics on the scientific frontier. Its articles and reviews, written by authorities in their respective fields, cover both data and theory in areas of science that are too often ignored or treated superficially by other scientific publications. This issue of the Journal is devoted to a single multifaceted topic: mediumship, and mental mediumship in particular. The authors of the lead paper describe several varieties of mediumship, and propose that the psychosocial and cultural aspects of mediumship are as important as its psychophysiological features. They consider the differences between spiritism and spiritualism, the relevance of the trance state to mediumship, and the extent to which processes properly considered mediumistic infiltrate many everyday human activities. The next paper surveys some of the major nonparapsychological issues that have fascinated researchers into mediumship. These include the nature and prevalence of the mediumistic trance, the varieties of mediumistic mentation, the evolution of mediumship over time, the dramatic capabilities of the subconscious, and the relationship between mediumship and psychopathology. The third paper focuses on...
